Pruebas con Playwright

The screenshot shows a dark-themed code editor interface with the following details:

- Project Explorer:** Shows the project structure under "Trabajo-Final-Aut-Proc". The "Playwright" folder is selected.
- Code Editor:** Displays a JavaScript test file named "change-theme-page.spec.js". The code uses the Playwright API to interact with a web application, specifically changing the theme and taking screenshots.
- Terminal:** At the bottom, the terminal shows the command "npx playwright test" being run in the directory "Trabajo-Final-Aut-Proc\Playwright".
- Status Bar:** The status bar at the bottom right shows the time as 23:55, encoding as CRLF, character set as UTF-8, and indentation as 4 spaces.

```
11  await signIn(page, email: 'chinos@gmail.com', password: '0123456789')
12  console.log('Change Theme of Page')
13  console.log('-----')
14  await page.locator( selector: '.ember-view.gh-nav-bottom-tabicon[data-test-nav="settings"]').click();
15  await new Promise( executor: r => setTimeout(r, ms: 1000));
16  await page.screenshot( options: {path:'./screenshots/theme-site/configuration-page.png'})
17  await page.locator( selector: '.ember-view.gh-setting-group[data-test-nav="design"]').click();
18  await new Promise( executor: r => setTimeout(r, ms: 1000));
19  await page.screenshot( options: {path:'./screenshots/theme-site/configuration-design.png'})
20  await page.locator( selector: '.gh-nav-design-tab[data-test-nav-toggle="general"]').click();
21  await new Promise( executor: r => setTimeout(r, ms: 1000));
22  await page.locator( selector: 'id=accent-color').click();
23  await page.locator( selector: 'id=accent-color').click();
24  await page.locator( selector: 'id=accent-color').fill( value: '167e72');
25  await page.locator( selector: '.gh-setting-action-largeimg-delete[data-test-delete-image="coverImage"]').click();
26  await new Promise( executor: r => setTimeout(r, ms: 1000));
27  await page.screenshot( options: {path:'./screenshots/theme-site/configuration-design-final.png'})
28 );

Generar nuevos miembros (Manual)

Screenshot of the Ghost Members dashboard showing the list of existing members:

STATUS	OPEN RATE	LOCATION	CREATED
Free	N/A	Unknown	03 Aug 2023 5 hours ago
Free	N/A	Unknown	03 Aug 2023 5 hours ago

Below the table, there are two cards:

- Building your audience with subscriber signups**: Learn how to turn anonymous visitors into logged-in members with memberships in Ghost. [Start building →](#)
- Get your first 100 email subscribers**: Starting from zero? Use this guide to your founding audience members. [Become an expert →](#)

Screenshot of the Ghost Members "New member" creation form:

New member

Name: juancito **Email:** juancito@%-&%-.com invalid Email

Labels:

Note (not visible to member): member 02

NEWSLETTERS Chinos Automatizados If disabled, member will not receive newsletter emails

ACTIVITY Activity All events related to this member will be shown here.

Generar etiquetas (Manual)

The screenshot shows the 'New tag' creation page in the Ghost CMS. The 'Basic Settings' section includes fields for 'Name' (set to 'News'), 'Color' (hex #15171A), 'Tag image' (with a placeholder 'Upload tag image'), 'Slug' (set to 'localhost:2368/tag/'), and 'Description' (a large text area). Below these are sections for 'Meta data' and 'Twitter card'. The top navigation bar shows the current page as 'Tags > New tag'.

The screenshot shows the 'Tags' list page in the Ghost CMS. It displays four tags: 'News' (slug 'news', 1 post), 'Popular' (slug 'popular', 0 posts), and 'War' (slug 'war', 0 posts). There are tabs for 'Public tags' and 'Internal tags' at the top right. The top navigation bar shows the current page as 'Tags'.

Modificar perfil (Manual)

Screenshot of a web-based profile editor for a user named "Chinos".

The interface includes a sidebar with navigation links: Dashboard, View site, Explore, Posts, Pages, Tags, and Members (with a count of 2). A central content area shows a profile picture of a person making a peace sign, a blue ocean background image, and a "Change cover" button.

Profile details:

- Full name:** Chinos
- Slug:** chinos
- Email:** http://localhost:2368/author/chinos

Top right buttons: Settings gear icon and Save button.

Conclusiones

Muchas
Gracias...
